

## **WASTEWATER DEPARTMENT REPORT**

October 13, 2014

### **ACCOMPLISHMENTS:**

- Routine Jetting on Main St, Chatterdon Park, and Larson St. We will continue routine jetting as time allows.
- Worked with the HW Dept jetting storm lines on Olympus
- Had a sewer plug on North St on Sunday the 27<sup>th</sup>. We had to Call A1 sewer to pump out a manhole
- Responded to a sewer complaint on Taylor Hill. We checked our sewer mains and everything is working properly. Homeowner will be calling to have his line inspected by a private contractor.
- All September sampling complete. Our new Alum injection seems to be working well. Waiting for lab results.
- Received a big shelving unit from the Fire Dept. We will use this to help organize our storage room at the WWTF
- Removed some debris from the lagoons

### **IN PROGRESS:**

- Routine Sewer line flushing
- Lagoon Air line repairs
- Winterizing all building
- Scheduling with Proctor Gas to have all the furnaces inspected
