

Town of Proctor
Special Beaver Pond Committee Meeting
April 5, 2016 – 10:30 AM
Town Office/Beaver Pond North End
Draft Minutes

Present

Bill Champine, Chair

Jim Moore

Ray Beyette

John Burns

Bruce Baccei, Selectboard Chair

Stan Wilbur, Town Manager

Misha Cetner, Environmental Analyst, VT DEC

Laura Diugolecki, Lakes & Streams Permitting, VT DEC

The meeting was called to order at 10:30 a.m. at the Town Office Meeting Room

The agenda was accepted without change.

Misha and Laura briefly described the shoreline program and requirements for permits. Discussion covered docks and floats, vegetation standards, public recreation areas, separate water supply and wastewater disposal permits, trash signs and fines, motor boats, dry fire hydrant permit, fire places, dredging, existing access road, milfoil, dredging permit, sand, fish, dam stop logs, water level control and trees.

An argument for public good will have to be included in permit applications. The current graves access road can be repaired without a permit. Dead trees and limbs that are a public safety hazard can be removed without a permit. Misha will provide the vegetation standards guidelines. The dry hydrant and dredging will require permits. Dredging work if approved will not be permitted to start before July 1.

The meeting moved to Beaver Pond to continue discussions regarding possible improvements and to look at the dam.

The meeting was adjourned at 12:00 p.m.
