The Town crew will clean up the West side of the pond.

The grills can be put together and cemented in. Will try to get this done before Memorial Day. Plan is to spread sand around them to prevent fires. The gate will be closed until the committee feels it is ready for people.

A group will go up around 9:00 a.m. Saturday to see if there is anything that can be started. Ray will bring tools.

No one at the school has stepped forward to volunteer to help clean up the pond. Ray has extended an invitation on at least 3 occasions.

May see about starting clearing trails.

There is a possibility that we may try for a kid's fishing derby again.

A swing set was donated, but no one has had a chance to really look at it yet. Ray maybe able to go take a look tomorrow.

Nest meeting is 5/1/19 at 6:30, unless a special meeting is called.

Bill motioned to adjourn, Dale seconded it, all approved.
